

**Sustainability** is at the core of everything we do, we ensure that we use recycled materials wherever possible and that any waste we produce can be re-used in pet foods.

*"Very impressed with Chestnut Meats' customer service, they make ordering and delivery easy. The products are so tasty and such good value. A world away from 'supermarket' meats"*  
Lisa, Powys

Our **Cheshire Beef** has flavour enough to compete with any meat, what sets it apart is the process of dry ageing. When **Beef** is dry-aged it provides a quality of meat unsurpassed by other processes, producing melt-in-the-mouth texture and rich taste.

*Thank you so much for the beautiful joint of beef that we received for Christmas. It was a great hit! Everyone said how tender and tasty the meat was!*
